San Mateo Company Buys Cleaning Firm

Redwood City and San Mateo branches of the Vogue Cleaners, formerly operated by James Walton, have been taken over by Franzetti's Cleaners, also a San Mateo firm, it was revealed here. The transaction was completed last week. The new owners have begun enlargements on the former Vogue plant, at 1915 El Camino Real, San Mateo.

Probe Is Made Of Night Club And Gambling

State Attorney Takes Action Regarding Daly City Cafe

Villa Mateo, swank Daly City night club, has been "under investigation" together with the entire gambling situation in San Mateo County, Dist. Atty. Gilbert D. Ferrell said here following an announcement from Atty. Gen. Earl Warren Tuesday night that his investigators are ready to "crack down."

Warren said he received first reports three weeks ago of alleged gambling at Villa Mateo, on Junipero Serra Blvd. at School St., and at that time notified Ferrell. Since that time, he said, he has had no report from county authorities and has sent his own men into the field to investigate.

Warren said his own investigations had convinced him that Ed Nealis, once operator of the swank Clover Club in Los Angeles, was taking an active part in the Villa Mateo management. Nealis, once tried and acquitted of the murder of a San Francisco news vendor, spent his early youth in South San Francisco and assertedly rose to a dominate position of influence in Southern California.

TO BALK EXPANSION

The attorney general said he was prepared to head off a plan on the part of the Villa operators to open similar establishments in San Francisco and in Santa Clara County.

"Following the conference with the attorney general, I acted in accordance with the plan of procedure which I thought was understood between us," District Attorney Ferrell said. "There is no misunderstanding between the attorney general and myself, and I am not desirous of one. We have been co-operating.

"For that reason I do not want to appear critical of anything the attorney general has said or is supposed to have said."

He said he had regarded as confidential the matters discussed at the conference, but admitted the Villa Mateo had been mentioned. He pointed out that the Villa Mateo was in Daly City and it was the duty of the Daly City police to make the necessary investigation and to see that the law was enforced.

NOT DUTY OF ATTORNEY

He said the duty of the district attorney was primarily to prosecute, and it was not his duty to police the county.

"We have no regular force of investigators and no police force," he said. "We must look to the chiefs of police and to the sheriff. However, this office is not powerless and if it becomes necessary for this office to act, we can."

BANJOIST LIKES REDWOOD CITY, SO HE'S DUE FOR A BRIEF STAND

EDDIE PEABODY

Because Eddie Peabody likes Redwood City, Redwood City will have another opportunity to hear the 'king of the banjo."

This was disclosed today as the reason why the top-ranking stage, screen and radio personality had been booked for a one-night stand at the Sequoia Theater here while otherwise only large cities are hearing him on his present tour.

Peabody was driving up the Peninsula to San Francisco last week to open his engagement there. As he motored through Redwood City he remembered the engagement he had here a half dozen years ago when he opened the Redwood Theater and a Safeway Store. Recalling the pleasant stay and some of the friends he made then, he stopped at the theater, where he talked to Manager Jack Thorsen, telling him that he had one free day between San Francisco and San Jose engagements. Thorsen relayed the word to Manager Hal Honore' of the Sequoia, and as a result, Peabody was booked for one appearance tonight at 8:30 o'clock.

Honore' made no secret of his elation in securing Peabody for a show here.

"It is seldom that we, in the rural communities, have an opportunity to offer our patrons an attraction of this sort," he said. "Top ranking stars rarely, if ever, consider so-called 'one-night stands,' but when they do they usually offer a little more than the average to their audiences. This is probably due to the intimacy which attains between a small-town audience and the act itself. It is therefore anticipated that Eddie Peabody will more than live up to his title 'king of the banjo'—which he has held for 15 years because he is the fastest, funniest, most capable banjoist in the country—when he steps out on my stage Friday night."

New Market Ready To Open

Just across Main St. from the old store site is the brand new $20,000 ultra-modern Union Market, which will be opened to the public today.

The new building, 40x50 feet, has been built with an eye for the customer's efficiency in shopping, with two checking stations at its entrances. Latest in refrigeration cases have been installed.

Managers of the new store will be Ben Demma Sr., who has been in the grocery business for 15 years at the old Union Market at 913 Main St.; his son, Ben Jr., and George W. Fletcher, in charge of the meat department.

Fronting the store is a modernistic neon sign, designed and manufactured by Amcoe Sign Co. of East Palo Alto, a San Mateo County firm.

General contractor for the new store was Archie Da Mant. Sub contractors included West Bay Lumber Co., lumber and millwork; Sadler Supply Co., sheet metal plumbing; San Carlos Electric Co., electrical fixtures.

ATHERTON RANCHER DIES

Joseph Aquiar, 43, Atherton rancher, died Saturday evening at a San Mateo Hospital following a lengthy illness. He lived on Alameda de las Pulgas. Survivors are his wife, Mrs. Pauline Aquiar, and two brothers, Manuel and Frank, both of Santa Cruz. Funeral services were held Monday from the Tinney & Son Mortuary, Palo Alto.

Peninsula Patrolmen Join Suit Over Pay

A number of San Mateo County squad members of the California Highway Patrol have joined the suit for $50,000 back wages sought by 113 state patrolmen in superior court at Sacramento. The patrolmen have asked a writ of mandate against the state personnel board and the state finance director to require payment of the difference of wages paid since Mar. 15, 1937, and the $200 minimum set but not paid by the personnel board.

MENLO PARK NEWS

FRED WORRELL PASSES

MENLO PARK, Aug. 25—Fred Worrell passed away last Saturday evening at his home in Stanford park. He was enjoying a barbecue surrounded by his family and a few friends when he became ill and passed away in a short time. Mr. Worrell had been a resident of Menlo Park for 25 years. He came to Palo Alto in 1895 to engage in the wood and coal business with his brother and retired from the firm several years ago to enjoy the fruits of his long labors. Mr. Worrell had many friends on the Peninsula who were always glad to greet him and bask in the sunshine of his happy and genial disposition.

Edward Silva and Miss Marjorie Paris were united in marriage by Rev. Father McKeon at the Church of the Nativity Sunday afternoon. On their return from their honeymoon the young couple will reside on Valparaiso Ave.

Miss Hazel Manson, sister of Dr. Manson of Fresno, Miss Pearl Estep of San Francisco and Miss Alice Manson of New York were dinner guests at the home of Mrs. Dorothy Fredericks last Sunday. Mrs. Fredericks is a clever hostess, making the day very pleasant for the visitors. Miss Alice Manson was out from New York to see the Golden Gate Exposition. The pretty young lady declared the San Francisco Fair was more attractive than the New York exhibit. She simply raved over the setting and picturesque beauty and flower effects and lighting of the San Francisco Fair.

Frank Gainer and family have returned from a vacation spent at Carmel. During their absence their cottage was occupied by Prof. and Mrs. Warren Natwit. The professor is vice principal of the San Mateo Grammar School.

Chief of Police Foster Andrews has returned from the hospital where he underwent a slight operation. The chief is a popular officer and everyone was glad to see him back at his post.

George Nunn, who was operated upon for a long standing ailment at the Palo Alto Hospital some time ago, will not return to his home for about two weeks. Mr. Nunn is one of Menlo Park's substantial citizens who enjoys the friendship of a large circle of admirers on the Peninsula who will be glad to greet him on his return to Menlo Park, where he has resided for over a half century.

"The Grapes of Wrath," that much condemned and publicized book by Steinbeck, arrived at the public library this week. At once there was a rush for it. A Menlo Park young lady secured the copy. The librarian will be taxed to the utmost to decide whom to give it to on its return as there are 100 applicants for it.

The dove season opens on Sept. 1. Hunters report numerous birds in the community, more than in past seasons. W. T. Casey, the veteran sportsman, says there will be good shooting along the foothills and the lowlands this year. The bag limit is 15 and the season is open for a month and a half.

Newspaper Ads Build Business for Firm

That newspaper advertising pays big dividends, not only for the manufacturer but also for the retailer, when supported by high quality and a policy that recognizes the dealer's right to a fair profit, has been proved in the remarkable success of M. D. Tissue, first introduced eight years ago and now an outstanding leader in its territory.

In announcing the new M. D. Tissue Newspaper Campaign which breaks Aug. 30 in the Tribune, F. J. Herb, sales manager of the Pacific Coast Paper Mills, states: "Our ideas about newspaper advertising and dealer profits are best demonstrated by what we have actually done since the inception of our product eight years ago. It is significant that in every market where M. D. newspaper advertising has been started it has been steadily and consistently continued—month in and month out, year in and year out—never being out of the daily press except for short periods between regular campaigns. Further, 90 per cent of our expenditures go into this form of advertising.

"Equally important has been the fine support given by the trade. We would no more think of asking dealers to take on the important retail function at a less-than-fair margin than we would think of manufacturing on a similar basis. In a nut-shell, newspaper advertising, dealer support and high quality have meant success for M. D. Tissue."

Group Formed To Stimulate Home Building

Stimulation of home building on the Peninsula will be the objective of a group of representatives of the various branches of the building industry who met in San Mateo Tuesday. J. B. McKeon of Redwood City, who was named secretary of the new organization, disclosed today.

Planning to supplement the work of San Francisco Peninsula Inc., the organization will be a permanent body to encourage the construction of homes, McKeon explained.

A committee of six will be appointed to draft a program and then call a meeting of all factions of the building industry. On the committee will be one representative each from the lumber industry, banking industry, real estate dealers, general contractors association, building materials industry and SFPI, each to be selected by his organization.

Meeting to form the organization were the following, with the industries or organizations they represent: County Supervisor Alvin S. Hatch, who acted as chairman; Z. T. Thorning and Paul Merner, lumber; Alex Johnson and A. K. Arthur, contracting; W. F. Anderson, insulating; J. E. Holbrook, paint and roofing; I. E. Horton, C. V. Stoner and R. F. Byrnes, building materials; W. W. Dennis, rock, sand and gravel; Charles S. Izmirian, sheet metal; Fred A. Schmitz, plumbing; Walter Anderson, planing mill; Dave Bunker, president, Builders Exchange of San Jose; James P. Hagan, Peninsula Clearing House Assn.; L. C. Merrill, president, San Mateo-Burlingame Realty Board; David Lamoreaux, SFPI; C. S. Tripler, Building Industries Escrow Service; J. E. Mackie, National Lumber Manufacturing Assn.; William F. Biehl, vice president, Palo Alto Real Estate Board; A. J. Jeppeson, Pacific Gas and Electric Co.; Douglas Manuel, production manager, Federal Housing Administration, and Secretary McKeon.

Mrs. Riese Sells Stationery Store

After being in business at 2608 Broadway, Redwood City, for more than seven years, Mrs. Edith M. Riese has sold her stationery store to Ernest Miller of San Francisco.

Mrs. Riese, who will manage the store until Mr. Miller takes possession Saturday, said she planned to retire from business. Miller plans to expand and improve the store, she said.

Sale price of the transaction was not divulged.

An American Legion post at Albany, N. Y., had to call off the fat man's race on its picnic program because no members could qualify.

Station Takes On Tire Distributorship

George and Wes Anderson, aggressive service station owners at El Camino Real and Jefferson, have announced their appointment as distributors in Redwood City for the Firestone Tire & Rubber Co., of Akron, Ohio.

Evidence of increased business activity here is the larger volume of Firestone tires and batteries being called for by local dealers. To supply the demand, Anderson Brothers have increased storage space at their Seaside Service Station by several hundred feet. Following the modern trend in the automotive business, an auto supply department has been added to care for the demands of local dealers and motorists.

Ohio's oldest brick road is believed to be a street in Steubenville laid in 1882.

Funds Sought For Recreation

MENLO PARK, Aug. 23—The Menlo Park City Council last night received petitions bearing 250 signatures requesting a $10,000 bond issue vote at the Nov. 7 election, but delayed action because of the absence of the city attorney.

In deferring action until Sept. 12—leaving sufficient time to have placed on a special ballot the bond issue proposition—the council expressed its attitude in a statement from Mayor James E. Cooper:

"Understand, I am in sympathy with the project to develop the city's recreational park, but I don't want the council to take any action which may jeopardize the success of the undertaking."

It was agreed by the councilmen that proper procedure means investigating various acts under which a bond issue may be initiated. City Engineer Edwin H. Smith suggested intensive study by City Atty. James T. O'Keefe and himself preparatory to the September council meeting.

NEW PLANNERS NAMED

Billboards and planning commission business occupied the remainder of the council meeting. The planning commission problem grew from a small acorn into a fair-sized oak tree rapidly when Mrs. Emma Stribling, member of the commission, appeared to inform the council there were two expired terms on the board to be filled.

The number grew to three, then to four, and finally, consultation of the city's ordinances and provisions in the county charter made it clear that Menlo Park was entitled to a 9-man planning commission.

Undaunted by such a prospect, the councilmen pitched in to fill the depleted ranks. Incumbents on the board were Mrs. Stribling and F. L. W. MacDonald. To this nucleus were added the names of Street Commissioner Harry J. Lusk and Mayor Cooper.

ONE MORE DUE

New appointees to the planning commission, agreed upon at the meeting and approved by formal motion of the board, are Reuben Flint, John Sullivan, Mark J. Loughlin, and Harold W. Staub.

This brings the commission to an eight-man body, with one appointment still to be made. The appointments into two-, three- and four-year staggered terms were postponed until some further time.

City Engineer Smith, taking over the duties of Attorney O'Keefe, read the new billboard ordinance—introduced several weeks ago.

CHANGE ADOPTED

From the original billboard ordinance in Menlo Park the following statement was appended to the new ordinance:

"Applications for billboard permits shall be accompanied by the written permission of the owner." The clause was added at the suggestion of Henry Carroll, police commissioner. It adds one more stringent requirement to the new ordinance.

The ordinance was adopted on its second reading and the new amendments were ordered published.

No action was taken on the question of extending the Pacific Gas & Electric Co. franchise until Attorney O'Keefe confers with P. G. & E. officials.

The city engineer announced that final weed abatement papers had been certified to the county controller's office.

Auto Dealer Plans To Attend Parley

A preview of the Buick line of motor cars for 1940 will feature the annual convention of the West Coast Buick dealer organization to be held in Los Angeles on Sept. 7.

According to Clarkson Motor Co., local Buick dealer, more than 1000 Buick distributors, dealers and salesmen from California, Oregon, Washington and Idaho will attend the session in addition to delegates from Alaska and the Philippine Islands. The meeting will also be attended by approximately 150 newspapermen and representatives of national magazines, radio, the trade press and outdoor advertising groups from all parts of the Pacific Coast.

Mr. Clarkson, who with other members of his firm will attend the meeting, said that Buick in 1940 will launch one of the largest and most aggressive sales programs in the company's experience in view of the encouraging surveys of the marketing opportunity ahead.

New Sales Gains Reported by Firm

DETROIT, Aug. 24—Further sales gains over 1938 were recorded by Chevrolet during the first 10 days of August as production of 1939 models drew to a close, according to figures released by central office here today.

A total of 17,814 new passenger cars and trucks were sold at retail during the period, the report shows, which is a gain of 14.2 per cent over the same period in 1938. This represents a unit increase of 2220 new cars and trucks.

During the same period, Chevrolet dealers retailed 35,050 used cars, 3992 units more than were sold in the first 10 days of August in 1938, for a gain of 12 per cent.

Chevrolet's truck department reported sale of 4963 units, which represents a 26.4 per cent increase over the 3925 sold during the corresponding period last year.

Fair's Harris

Phil Harris, the fair-haired orchestra leader, will bring his musical outfit to the Golden Gate International Exposition for two weeks beginning August 29. He will play two free concerts daily in the Temple Compound, for free dances each evening in the Music Hall.

FORGER TAKEN TO PRISON

James Bolton, Hillsborough, convicted of forgery with a prior conviction, was taken to San Quentin Tuesday by Dep. Sheriff Walter A. Moore. Bolton's plea for probation was denied by Judge Maxwell McNutt Monday.

Air Lab Decision Due Within Month

Peninsula chambers of commerce secretaries today had received copies of a letter received by W. W. Monahan, executive vice president of the San Francisco Chamber of Commerce, from the National Advisory Committee for Aeronautics in which Monahan was advised that a decision on location of the huge aeronautical research laboratory will not be made "before the middle of September."

Monahan had written to the committee Aug. 16 to present advantages of Moffett Field at Sunnyvale, and the arguments for locating the $10,000,000 laboratory there. The return letter, from J. F. Victory, secretary of the committee, pointed out that applications cannot be accepted by the board until 30 days after approval of the congressional act which granted the laboratory funds, and that a decision on the most favorable site must then be made. This will take at least until the middle of next month, Victory's letter stated.

Copies of the communication were forwarded to Peninsula chambers of commerce by George L. North of Redwood City, secretary of the aviation committee for the San Francisco Chamber, with the notation that his committee "is now very optimistic in the belief that the committee (NACA) definitely selects Sunnyvale as the site for its proposed research laboratory . . ."

Alters 'Dog Policy' Humane Society

Although she is as much interested in homeless dogs as ever, Mrs. C. H. Wakefield, president of the Redwood City Humane Society, can take no more pets at her home to keep until new masters are found for them, she announced today.

Reason for the change in policy is that a county ordinance now prohibits the keeping of more than two dogs at a home in the residential district. Since she has more than two of her own, she not only must refuse to take in others' pets but must dispose of some of her own, she explained.

"I'll be glad to take the names of anyone wanting a dog, or the names of anyone wanting to give dogs away, and try to arrange to bring the people together," said Mrs. Wakefield, "but anyone wanting to get rid of a dog immediately will have to call the Redwood City Pound."

The pound keeps dogs for four days before destroying them.

Mrs. Wakefield may be reached by telephoning 1605-J; the pound, Redwood 273.

Pair Located After Search

Two San Francisco girls, objects of an all-night hunt by frantic parents, friends and police, were found at dawn Tuesday after what they claimed was a good night's rest on the heavily wooded slopes of King's Mountain near Woodside.

The pair, Jean Van Dyke, 15, and Jane Redka, 16, San Francisco high school students, separated from two Woodside girl friends shortly before nightfall and became lost on a little-used trail. When they failed to return at the appointed time, a hunt was organized which continued until daybreak, when the girls, disheveled but little the worse for their experience, were found walking toward Woodside on the King's Mountain Rd.

They had been the guests of Mr. and Mrs. E. J. Arsenault and of Mr. and Mrs. Bernard McCann for about 10 days.

Fox To Build Own San Carlos Theater

Fox West Coast Theaters has announced purchase of property in San Carlos as the site for a 900-seat theater to be erected shortly. The property was purchased from Jesse N. Davis through Harold Goss, broker.

Stamps affixed to the deed indicated the price of the real estate was $12,500. The deed was recorded yesterday afternoon at request of Peninsula Title Guarantee Corp. The buyer was Peninsula Theaters Corp., Fox subsidiary.

Davis, who originally announced plans to build the theater, said he had sold out and was no longer interested in the project. The property is located on San Carlos Ave. near Laurel Ave.

Ned Bundesen Passes Away

Funeral services for Ned Bundesen, retired orchardist who died at his North Fair Oaks home Saturday, were conducted at 2 p.m. Tuesday from Morgan Hill. Mr. Bundesen, who was 82, had resided on Redwood Ave. for 7½ years. For 40 years prior to his retirement he had been an orchardist at San Martin.

Mr. Bundesen had been ill for eight months. His wife, Mary Ann Bundesen, died six years ago. He was the father of Mrs. Anna Garcia and Ernest Bundesen of Redwood City, and William Bundesen of Morgan Hill, and grandfather of Mrs. Elsie Sacht, Edward, Elmer, Elbert and Betty Garcia, Herold, Helen and Allan Bundesen. He was a native of Denmark.

Touring Folder Features Peninsula

With a first printing of more than 50,000 copies and distribution through more than 500 Bay Area dealers, the new Shell Touring Service folder, entitled "Finger Tip Tours Around San Francisco Bay," devotes three full pages to the Peninsula, according to the advertising committee of SFPI, which co-operated in its preparation.

"We supplied Miss Zelia Ziegler, manager of the Shell Touring Service, San Francisco, with detailed information on all communities and attractions of this area," explained Harry Butler, director of SFPI, "and Miss Ziegler revised from our material condensed highlights featuring not only general information, under the heading 'Down the Peninsula,' but also many specific points of interest, some of which include San Francisco Municipal Airport, the racetracks, Allied Arts Guild, Searsville Lake, Sunnyvale, Stanford University, the Ocean Shore Hwy. and the various residential communities."

The new folder is designed for use in conjunction with the Shell Company's Metropolitan Map of the Bay Area.

Livestock shipping losses from death and injury were 13 per cent less in 1938 than in 1937, according to a report of the National Livestock Loss Prevention Board.

Band Seeking New Members

With purchase of two melophones for the Redwood City Municipal Band authorized by the city council Monday, the musical organization hopes to enlarge its membership, Director Bernard W. McCann announced here as he invited musicians to join the organization.

Director McCann also announced that the band, pleased with the reception given it Sunday when it played a 1½-hour concert at Native Daughters Park, likely would present a similar program again in September.

The band practices Wednesdays at 8 p.m. in the city hall. Two musicians are wanted who can play the melophones, for which $50 was voted by the council. Other musicians also will be welcome, McCann said.

The council also authorized expenditure of $10 for four dozen music clips and $8.40 for purchase of six music stands.

DENTAL PLATE

MATERIAL . . . so like Nature's own gums your closest friend can't tell. Plate material developed by world-famous du Pont Laboratories NOW HERE! This beautiful, moist appearing du Pont material is odorless, tasteless . . . yet with all its daintiness it is made to stand the roughest use. The light weight of du Pont or *"Realistic"* plate material (usually less than 1 ounce) makes it possible for Dr. Campbell to fashion a plate which will fill out your cheeks, so desirable for a youthful appearance.

PLATE REPAIRS

There's no need of buying a new plate when your old plate can be made to fit tight and look like new. Use DR. CAMPBELL'S dental laboratories for your next plate repair.

Dr. Campbell's FINEST Most Beautiful Dental Plates . . .

Made in Dr. Campbell's own laboratories. Each NATURAL shaded PORCELAIN tooth is set in the NATURAL gum-pink plate material as if it were growing there. They are so like one's own natural, healthy teeth and gums that your closest friend would never know the difference. These plates are thin, light weight (less than one ounce) and very dainty, yet they are made to stand the ROUGHEST USE.

YMCA's Day Camp Proves Successful

Last week's "day camp" operated at Coyote Point for 50 Peninsula boys was declared today by YMCA Secty. Thomas W. Badley to have been "certainly well worthwhile," with its boy government plan, whereby different boys were elected each day as "officials," being "very successful as well as instructive."

With the closing of the camp Saturday, the Peninsula Branch, Young Men's Christian Association, opened its camp at Jones Gulch, the new YMCA camp, for a week's period of work and training for 40 high school boys. Joe Acheson, San Mateo Hi-Y Club leader, is in charge.

Delegates from four other Hi-Y Clubs went to Marin County for a seven-day period of instruction in the Hi-Y training camp. Boys from Hi-Y Clubs from all over Northern California were to gather at this event to discuss projects for the coming winter program.

The YMCA camp program in San Mateo County reached its highest peak this year having the greatest attendance of boys and campers in its history.

YMCA Committees of Management will be meeting in the next two weeks to plan their Fall campaign for funds and work out details for the Winter program.

TO JAIL FOR 20 DAYS

Fred J. Cecchini, 29, San Francisco steamfitter who pleaded guilty Saturday to charges of drunk driving on Bayshore Hwy., was sentenced to 20 days in county jail here by Judge Edward I. McAuliffe. Cecchini was arrested by State Patrolman Chester Kreiss. In city police court, Judge McAuliffe fined Frank Walker $2.50 for speeding.

3 Petitions Filed For Ballot Measures

Initiative and referendum petitions bearing 855 signatures were on file with the county clerk today as three separate campaigns sought to qualify as many measures for the Nov. 7 special election ballot.

Chief Dep. County Clerk Carl E. Peterson certified 265 valid signatures on petitions for a referendum on the oil and gas control bill, by which the last legislature set up an oil conservation commission.

Three hundred six signatures were certified on the petition for a referendum on the measure regulating pawnbroker loans and interest rates.

Third measure was an initiative to bring daylight saving to California by advancing clocks one hour between the last Sunday in April and the last Sunday in September. It contained 284 signatures.

Sept. 5 is the deadline for petitions, Peterson said.

California produces 60 per cent of the nation's oranges.

Water Company Takes New Offices

SAN CARLOS, Aug. 24. — The California Water Service Co. has taken over their new headquarters in the Hosmer Bldg. on San Carlos, and as soon as the San Carlos Electric Co. moves out will take possession of the building.

As a result, Miss Catherine Caso has been transferred to San Carlos from the San Mateo office.

The company now has more than 1000 water consumers in San Carlos since it has taken over the Brittan Acres Water Co., and the White Oaks company.

Forger Sent To Prison; Burglar Wins Probation

James Bolton, 36, Hillsborough laborer who pleaded guilty to forgery charges in superior court, was denied probation Monday by Judge Maxwell McNutt and sentenced to state prison for an indefinite term of 1 to 14 years. According to Dep. Dist. Atty. Louis B. Dematteis, Bolton forged the name of Mary Alice Floyd to a $30 check which he cashed at a San Mateo meat market. He admitted a prior grand larceny conviction in Oklahoma.

Kenneth P. Stumbaugh, 26, printer and former Redwood City theater employe who attempted to burglarize a Redwood City tavern July 8, was admitted to probation on a second degree burglary charge provided he serve 60 days in jail with credit for time served.

Bernard L. Feideler, Redwood City real estate salesman accused of passing three fictitious checks on Redwood City merchants, changed his previous plea of not guilty, pleaded guilty and asked probation. The case was continued to Sept. 11 for a report from Probation Officer Francis J. Robinson.

Francis B. Curtis, San Francisco, soap salesman accused of assault and robbery by Mrs. Madeline L. Crowder, 27, wife of a Presidio cook, entered a plea of not guilty.

Mrs. Delgado Pleads Guilty

Nellie Delgado, wife of a slain Belmont section hand, and charged with complicity in the courtroom slaying of her mate's killer, late Tuesday entered a surprise plea of guilty in superior court at San Jose. She was sentenced to one year in county jail as a condition to five years on probation.

In pronouncing sentence, Judge R. R. Syer said he was influenced by the fact that Mrs. Delgado had already spent nearly three years in custody, two of them at the woman's prison at Tehachapi and another in county jail.

Awarded retrial by the appellate court following her conviction 17 months ago, she has been waiting in jail since November for the trial to be set.

Mrs. Delgado's common law mate, Cirilo, was slain at the home of Bernardo Soliz in Santa Clara. Soliz was tried for murder, and as he walked from the courtroom Dec. 8, 1937, he was shot by Frank Delgado, Cirilo's brother. Witnesses accused Mrs. Delgado of handing the revolver to Frank.

Frank Delgado was sentenced to life in Folsom. Mrs. Delgado was convicted and sent to the woman's prison Mar. 4, 1938. Retrial was granted on the grounds of misconduct on the part of the prosecution and error in the instructions to the jury.

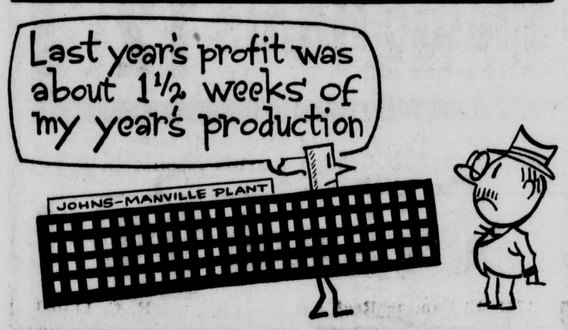
GEORGE GUESSES WRONG AGAIN

Dear Johns-Manville Redwood City Plant

I suppose that profit comes pretty easy to a big company like yours — and is plenty big. Or, is it as hard for you to save a margin as it is for me?

GEORGE CITIZEN



PROFIT IS THE LAST FEW CENTS (MAYBE)

Dear George

It is said that packing houses use everything in the pig but the squeal. They make their profits on the by-products. Many department stores make their entire year's profits on their Christmas business.

Profit, if any, is the LAST fraction of almost any company's income. Many big companies have made little or no profit for years. Those which do make a profit, make it by the most careful planning and economizing — and with the skillful cooperation of their jobholders.

Last year, my company's profit was the last 3 cents of each dollar taken in. Over a ten-year period, the average has been 5 cents.

In the first six months of this year, 1939, my company made a profit of $1,203,744. This was just about enough to meet the company's payroll for one month.

Out of this sum, $262,500 was paid in required dividends to preferred stockholders. But so uncertain is the future of business, that no dividends at all were paid to the 7,800 men and women who own my company's common stock. (Fact is, J-M common stockholders had only one dividend of 50 cents per share in the year and a half ended July 31.)

So it may be said that even with a *bookkeeping* profit (because we took in more money than we paid out in expenses in the first six months of 1939), my company wasn't really doing what a successful company should do, because there is no *real* profit until the obligation of paying stockholders fair and normal dividends for the use of the money they have put up to buy the buildings and equipment has been met.

During these days — what with more taxes, higher payrolls and the effort to sell goods at the lowest possible prices—it is getting harder and harder to make an adequate profit. When any profit *is* made, you can know darned well that the company is watching every penny and that everybody concerned is in there pitching to produce better products at less cost.

It is in this way that my company hopes to make more and more progress in providing job security at good pay and in coming out with enough cash to pay its common stockholders a fair "rent" on the money they have put up to buy the equipment we need to stay in business.

And, don't forget, George, a fair profit is really the thing to strive for, since it is profits which keep businesses alive, and, therefore, make jobs possible.

Langdon's $50,000 Estate Given Wife

William H. Langdon, associate justice of the state supreme court who died at his San Mateo home Aug. 10, left an estate valued at approximately $50,000 to his widow, Mrs. Myrtle Langdon, 552 Ravenswood Rd., San Mateo, according to his May 11, 1936, will filed for probate in superior court. Judge Langdon noted in the instrument that he had made adequate provision before his death for his daughter, Lois Ann Langdon Marr of West Los Angeles, his son, Lawton William Langdon, San Mateo, and his stepson, Merl McHenry, San Mateo.

Display Set Till Sept. 30

After hearing that from 1500 to 2000 people are visiting Redwood City's model home each Sunday, besides numerous visitors during the week, Redwood City's council decided Monday night that the project was a valuable one and voted to ask Builder A. J. Wilbe to keep it open till Sept. 30.

The council also voted to allow $412.02 to Wilbe in accordance with a contract entered into when the house, located on Durlston Rd., was first projected. The sum covered: Entry fee, $100; interest on loan, $111.58 sign, $28.69; maintenance, $30; gardening, $54.54; water, $33.50. The city is a backer of the model home project, and appropriated $1500 toward the expense of keeping the house open.

The city had nothing to do with its construction or the cost involved therein, but merely is sharing in the expense of keeping it open for display, Wilbe explained.

L. E. Werder and Dave L. Walter, local realtors, both expressed their opinions that the home was bringing likely residential prospects to the city.

"I think Redwood City is lucky to have this fine home for exhibit," Walter declared after the motion, made by Councilman McCarthy and seconded by Councilman Fletcher, passed unanimously.

Eagles Day at Fair Slated for Sunday

TREASURE ISLAND, Aug. 23—With delegations from aeries representing 200 communities in California assembling for the occasion, Eagles Day will be celebrated with a long program on Treasure Island on Sunday, Aug. 27. More than 5000 are expected for the day's observance.

The program will open with a parade which will start from the rear of the Federal building at 12:30 p. m., touring the eastern and center section of the exposition and ending at the Court of Nations. Led by the Exposition band, the parade will include drill teams and drum corps from both the Eagles and the auxiliaries.

Starting at 1:30, a special program will be presented at the Court of Nations.

Chairman of the day will be John F. McGowan of San Francisco.

There are said to be 400 buildings of 20 stories or more in the U. S., half of them in New York.

Wilbe said records kept at the house showed that most of its visitors were from outside the city; that he personally had secured several prospects for homes through it and knew of others gained for the city.

Despite the fact the house already has been sold—for nearly $22,500—Wilbe said he could keep it open until the end of next month, as requested.

De Armond At Menlo Park

H. V. De Armond, formerly director of the WPA recreation setup in Redwood City, is now director for the Menlo Park district under a reorganized program just put in effect there. He reecntly has been in the San Francisco office.

The recreational program will be enlarged within the city. At the new recreation center recently acquired from the Michael F. O'Dea estate, an office will be established from which the program will be administered.

Lee Sterling will be recreational leader of field activities, William Belcourt will take charge of hand craft, and Mrs. W. E. Moore will be the supervisor of pottery work. Chairman of Menlo Park recreation and parks is Capt. Hugo May, city councilman.

Twelve civic organizations have assured leaders of their support in carrying on the new recreational program. These include the Menlo Park Lions Club, American Legion Post, Parent-Teacher Association, Native Sons and Daughters of the Golden West, the Menlo Park Women's Club, Menlo Park Chamber of Commerce, Italian Family Club, American Legion Auxiliary, and the St. Joseph's Men's and Women's Clubs.

Seals Old Timers' Day Set for Sunday

The annual Old Timers' Day at Seals Stadium, San Francisco, will be held Sunday, Aug. 27, when the Seals meet the Portland Beavers. Charley Graham, president of the San Francisco club, and Manager Lefty O'Doul are planning an extensive program at which such old-time ball players as Pop Van Haltren, Dolly Gray, Bill Lange, Mike Fisher and others will be present.

The day was inaugurated by Abe Kemp, San Francisco Examiner sportswriter, and Joe Bearwald, president of the Hollywood Club, then the Missions.

Most valuable bird: Peruvian cormorant because of the guano it deposits.

Sheriff's Posse To Show at Fiesta

Addition of the San Mateo County Sheriff's posse to the program of entertainment at the Fiesta and Rodeo at Bay Meadows, Sept. 21 to 24, was announced today by Bruce Gibson, president of the county fair association.

This brings to an all time high the star studded variety of features offered at the fiesta. And the board of directors has one or two other announcements to make as soon as arrangements have been completed.

Numbering 31 riders, the sheriff's posse is highly regarded for the excellence of its roping and riding and the intricacies of its drill formations.

Officers of the group include John Patrick Lawson, captain, Bayshore City; Frank Ratto, second captain, San Francisco; Dennis Nolan, first lieutenant, San Mateo; Eddie Allen, second lieutenant, Daly City, and Victor Rossi, flag bearer, Colma.

According to Captain Lawson, the group comprises a "working posse" of experienced horse and cattlemen which put the ban on overornate trappings and specialize in displays of difficult horsemanship.

The posse will open the fiesta with its performance Thursday night, Sept. 21.

Dan Flynn's Estate Bequeathed to Wife

The late County Assessor Daniel P. Flynn, who died at his Redwood City home Aug. 11, left his entire estate to his wife, Mrs. Helena J. Flynn, according to an holographic will dated Feb. 18, 1927, filed for probate in superior court Monday. No value was placed on the estate in the petition.

The will named Mrs. Flynn to serve as executrix without bonds, and empowered her to dispose of the estate without court order.
